PROFILE SUMMARY

A motivated and dedicated Computer Science Engineering diploma student with basic knowledge of related field. Eager to learn new technologies, develop technical skills, and build a successful career in the IT industry. Reliable, adaptable, and committed to continuous learning.

EDUCATION

Diploma in Computer Science Engineering GPW, Sirsa	(May, 2026) (9.13 CGPA)
AISSCE (Non-Medical) MLP Sr. Sec. School, Dharuhera	(July, 2024) (80%)
AISSE MLP Sr. Sec, School, Dharuhera	(May, 2022) (91%)

TRAINING

NOVEM CONTROL, Mohali • 6 weeks of industrial training where I learnt basic of python	June - July 2025
---	-------------------------

SOFTWARE SKILLS

Python | HTML5 | CSS | PHP | Figma | Filmora | Canva | Adobe premium pro | Graphics | Photoshop | Responsive Design (Flexbox/grid) | JavaScript | Git/GitHub | MS Word | MS excel |MS PowerPoint | VS Code | Database Management System (DBMS) | Internet and Email Application |

PROJECTS

- Hospital management web portal (**Front-End & UI Layout**).
- Designed and coded a multi-page web layout using **HTML5 and CSS** focused on clear navigation for medical staff.
- Air quality Predictive Dashboard (Interface Design & Analytics).

- Developed a predictive system leveraging **Python** libraries to process environment data sets for end-users.
- Personal Finance & Expense tracker (Data Visualization UX).
- Built an application interface using Python data handling to help users track monthly financial spending habits.

CERTIFICATION

-
- Attended workshop on ***“Data Analysis with Python Programming”*** WDAPP-2026 at ***“JCDM College of Engineering”***.
 - Completed ***“Employability Enhancement Training”*** supported by **Mahindra & Mahindra Ltd.** Under **Kaabil** program.
 - Completed 6 weeks internship program in course **Python AI/ML** in **Novem controls**.
